**Century Townhomes** – A mediation session was held in our offices on July 9, 2021. A video conference was held with the solicitor in July, he will report on that. A mediation session is scheduled for September 12, 2022. There was a meeting on site concerning the water line separation project. **The solicitor will report on this.** 

Delinquent Accounts shutoffs – In October we sent out 300 10- day delinquent notices, 89 properties were posted for shutoff, and 36 accounts were sent over to the water company for shut off and 14 was shut off.

Collections Crew Management and Reporting – The October 2024 report has been sent to you.

\$Energy Fund – In May, the fund processed 9 applications, approved 9. We received a total of \$1,083 from Dollar Energy. The funds are now exhausted, there will be no more funds for the year.

Sludge Hauling: We had discussed this last August when it came time to renew our contract for the year. It was stated that we wanted to bid this contract again to see if there are any savings. So we decided to revisit the topic in May of 2024. This will be discussed in the Engineers Report.

We have been getting requests to transfer taps between properties. We don't think there is ill intent in moving these taps but the process does involve some work on our end. Ryan and I believe that the ones we have recently received are not really a issue, but our thought is that some fee should be assessed to compensate for the time spent processing the requests.

The Agreed Upon Procedures Audit has been completed. We will not owe the communities any money for the year. Once the audit is approved by the board we will distribute the files to the Communities.

Board of Directors
Brian Melnichak, Finance Director
Clairton Municipal Authority
1 North State Street
Clairton, PA 15025

Dear Board of Directors and Mr. Melnichak:

We are pleased to confirm our understanding of the services we are to provide for Clairton Municipal Authority (Organization) for the year ended December 31, 2024.

#### **Audit Scope and Objectives**

We will audit the financial statements of the business-type activities, and the disclosures, which collectively comprise the basic financial statement of the Organization as of and for the year ended December 31, 2024.

We will audit the financial statements of the Organization as presented within the Annual Report of Municipal Authorities and Non-profits (DCED-CLGS-04) (Schedules) required by the Commonwealth of Pennsylvania as of and for the year ended December 31, 2024. In addition, we will also form an opinion on whether the summary financial statements, derived from the Schedules or financial statements, for the years previously described, are consistent, in all material respects, with the audited financial statements from which they have been derived, for the purpose of publication.

Accounting principles generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the Organization's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the Organization's RSI in accordance with generally accepted auditing standards. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient appropriate evidence to express an opinion or

provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- Management's Discussion and Analysis
- Schedules related to the Net Pension Liability (or Asset)
- Schedules related to the Other Post-Employment Benefit Liability
- Notes to the Required Supplementary Information

Also, the following supplementary information accompanying the financial statements will be subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

#### Combining Financial Statements

In connection with our audit of the financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### • Total Deposits to the Revenue Fund

The other information (the total deposits to the revenue fund schedule) will not be subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we will not express an opinion or provide assurance on it.

We will also conduct an audit with the objective of issuing the following report for the year ended December 31, 2024:

Independent Auditor's Report on the Statement of Authority Rate Covenant (restricted use)

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion about whether your financial statements are

fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (GAAP).

In addition, we will report on the fairness of the supplementary information referred to in the above paragraphs when considered in relation to the financial statements. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

The objectives of our audit of the Schedules are to obtain reasonable assurance about whether the Schedules are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion about whether your Schedules are fairly presented, in all material respects, in conformity with the accounting practices prescribed by the Pennsylvania Department of Community and Economic Development (DCED), which is a basis of accounting and reporting other than accounting principles generally accepted in the United States of America (GAAP). As allowed by the DCED, these financial statements are also presented using the modified accrual basis of accounting (Schedules basis of accounting). Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

Hereafter in this letter, the term "financial statements" will refer to the financial statements, schedules, and summary financial statement.

#### Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America and will include tests of your accounting records and other procedures we consider necessary to enable us to express such an opinion. As part of an audit in accordance with auditing standards generally accepted in the United States of America, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall

presentation of the financial statements, including the financial statement disclosures (if applicable), and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the Organization or to acts by management or employees acting on behalf of the Organization.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with auditing standards generally accepted in the United States of America. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will obtain an understanding of the Organization and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion(s). The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under professional standards.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories (if applicable), and direct

confirmation of receivables and certain assets and liabilities by correspondence with selected individuals, funding sources, customers, creditors, and financial institutions. We may also request written representations from your attorneys and confirmations from financial institutions as part of the engagement, and they may bill you directly or indirectly through us for responding to this inquiry.

In the event that representation by legal counsel, during the term of this agreement or subsequently, is deemed necessary by Maher Duessel in connection with any aspect of this engagement, fees and expenses for counsel will be reimbursed to the auditor as out-of-pocket expenses. In addition, you shall compensate Maher Duessel for all time we expend in connection with such legal responses at normal and customary hourly rates.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

The Organization and Maher Duessel agree that any claim arising from this agreement shall be commenced within one year of the date of the auditor's report or the date of the engagement letter if no report has been issued. Maher Duessel's responsibility for any claims, damages or cost shall be limited to the amount of fees paid for the services rendered under this engagement letter.

Our audit of the financial statements does not relieve you of your responsibilities.

#### **Audit Procedures-Compliance**

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Organization's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion.

#### **Other Services**

We will assist in preparing the financial statements (as defined in the audit scope and objectives section above), including the required supplementary information and including the supplementary information, of the Organization in conformity with the basis of accounting previously defined, based on information provided by you.

We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

#### **Responsibilities of Management for the Financial Statements**

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with the basis of accounting described above.

You are also responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the Organization from whom we determine it necessary to obtain audit evidence.

As an attest client, Maher Duessel cannot retain your documents on your behalf. This is in accordance with the ET 1.295.143 of the AICPA Code of Professional Conduct. The Organization is responsible for maintaining its own data and records.

Suralink is used solely as a method of exchanging information and is not intended to store the Organization's information. Upon completion of the engagement, data and other content will either be removed from Suralink or become unavailable to Maher Duessel within a reasonable time frame.

At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Organization involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Organization received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the Organization complies with applicable laws and regulations.

You are responsible for the preparation of the supplementary information in conformity with the basis of accounting previously described. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the supplementary information in accordance with the basis of accounting previously defined; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with the basis of accounting previously described; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

With regard to publishing the financial statements on your website (if applicable), you understand that websites are a means of distributing information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information in the website with the original document.

With regard to including the auditor's report in an exempt offering document, you agree that the aforementioned auditor's report, or reference to Maher Duessel, will not be included in any such

offering document without our prior permission or consent. Any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement. With regard to an exempt offering document with which Maher Duessel is not involved, you agree to clearly indicate in the exempt offering document that Maher Duessel is not involved with the contents of such offering document.

Certain communications involving tax advice are privileged and not subject to disclosure to the IRS. By disclosing the contents of those communications to anyone, or by turning over information about those communications to the government, you, your employees, or agents may be waiving this privilege. To protect this right to privileged communication, please consult with us or your attorney prior to disclosing any information about our tax advice. Should you decide that it is appropriate for us to disclose any potentially privileged communication, you agree to provide us with written, advance authority to make that disclosure.

You agree to assume all management responsibilities for all nonaudit services we provide as defined in the Other Services section of this letter. You will be required to acknowledge in the management representation letter the following related to our nonaudit services:

- Management is responsible for the substantive outcomes of the work and therefore, has
  a responsibility to be in a position in fact and appearance to make an informed judgment
  on the results of these services.
- Management has designated a management-level individual to be responsible and accountable for overseeing these services who possesses skill, knowledge, and/or experience to oversee our services.
- Management will establish and monitor the performance of these services to ensure that it meets management's objectives.
- Management will evaluate the adequacy and will review and accept responsibility for the services performed.

In connection with this engagement, we may communicate with you or others via email transmission. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only to such parties, we cannot guarantee or warrant that emails from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim and waive any liability or responsibility whatsoever for interception or unintentional disclosure of emails transmitted by us in connection with the performance of this engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of email transmissions, including any consequential, incidental,

direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information.

#### **Engagement Administration and Other**

We understand that your employees will prepare all cash, accounts receivable, and other confirmations and schedules we request and will locate any documents selected by us for testing. We will schedule the engagement based in part on deadlines, working conditions, and the availability of your key personnel. We will plan the engagement based on the assumption that your personnel will cooperate and provide assistance by performing tasks such as preparing requested schedules, retrieving supporting documents, and preparing confirmations. If, for whatever reason, your personnel are unavailable to provide the necessary assistance in a timely manner, it may substantially increase the work we have to do to complete the engagement within the established deadlines, resulting in an increase in fees over our original fee estimate.

Elizabeth E. Krisher is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it. To ensure that Maher Duessel's independence is not impaired under the AICPA Code of Professional Conduct, you agree to inform the engagement partner before entering into any substantive employment discussions with any of our personnel. In addition, in recognition of the investment made into training and developing our employees, in the event that any of our employees who were part of your engagement team accept a position of employment with your organization, or any of its related parties at any time while we are performing services for you or within one year thereafter, you agree to pay us a placement fee equal to fifty percent of the employee's annual salary in effect on the date such employment was contracted. This fee would be payable at the time the employee accepts a position.

Professional standards require Maher Duessel to establish policies and procedures designed to provide it with reasonable assurance that it deals appropriately with complaints and allegations. It is Maher Duessel's policy that any complaints or allegations should be reported to the managing partner, or any other partner as identified on our website at www.md-cpas.com.

#### **Audit Meetings**

Management will arrange for Maher Duessel to meet with the Organization's Board of Directors or an appropriate committee thereof, as requested, in connection with the audit(s). Generally, the meeting can occur in advance of and following the completion of year-end fieldwork for the audit of the Organization's financial statements.

#### **Use and Distribution of Reports**

Maher Duessel will provide draft reports to management for review and approval before issuance. Final reports for internal use and external distribution will be delivered to the Organization. The Organization's use and distribution of reports is expected to be limited to (1) filings routinely required by government agencies, (2) lenders, and (3) internal use. If the Organization intends to publish or otherwise reproduce the financial statements and make reference to our firm name, the Organization agrees to provide Maher Duessel with printer's proofs or masters for our review and approval prior to printing. The Organization also agrees to provide Maher Duessel with a copy of the final reproduced material for our approval before it is distributed.

#### Reporting

We will issue a written report upon completion of our audit of the Organization's financial statements which will also address other information in accordance with AU-C 720, The Auditor's Responsibilities Relating to Other Information Included in Annual Reports (if applicable). Our report will be addressed to the governing body of the Organization. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement.

If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgement prevent us from completing the audit or forming an opinion on the financial statements, we retain the right to take any course of action permitted by professional standards, including declining to express an opinion or issue a report, or withdrawing from the engagement.

#### Confidentiality

The audit documentation for this engagement is the property of Maher Duessel and constitutes confidential information. However, we may be requested to make certain audit documentation available to grantor agencies and/or regulatory bodies pursuant to authority given to it by law or regulation. If requested, access to such audit documentation will be provided under the supervision of Maher Duessel personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other government agencies. The AICPA requires members who practice public accounting to

participate in either a Quality Review or Peer Review practice-monitoring program. Maher Duessel is enrolled in such a program. The Organization grants permission for Maher Duessel to respond fully to inquiries and allow review of working papers in connection with practice monitoring program activities.

#### **Fees**

The professional fees for the scope of services will be:

2024 \$ 29,500

Out-of-pocket expenses associated with these services will be reimbursed.

The fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will keep you informed of any problems we encounter and our fees will be adjusted accordingly. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and will not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed even if we have not issued our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination. You may request that we perform additional services not addressed in this engagement letter. If this occurs, we will communicate with you concerning the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this engagement letter.

Federal, State, and Local rule-making bodies may at times make changes that require us to modify our scope of work. Such changes require monitoring and evaluation by Maher Duessel, and often result in new and/or expanded procedures on our part. To the extent these required changes will significantly impact the time required to complete our procedures, an adjustment to the fee will be necessary. Should such a situation occur, we will meet with you to discuss a revised fee estimate.

#### **Additional Services**

Maher Duessel may provide additional services which can be either non-recurring matters or changes to the scope of recurring services, including matters such as: (1) changes to the body of

compliance and other requirements applicable to the Organization; (2) changes in the nature or scope of programs that comprise the reporting entity; (3) changes in the application of accounting principles or the application of new principles; (4) changes to auditing standards of a nature that results in an increase in the audit effort required; (5) management requests for procedures of a nature and extent beyond those necessitated for an audit; (6) consent letters; (7) changes to accounting software; (8) changes required as part of a prior period restatement (9) costs related to required surcharges; and (10) matters of management responsibility (e.g. the condition of records) or other matters beyond Maher Duessel's reasonable control that impair the efficient conduct or expand the scope of effort beyond the audit procedures necessary for the scope of recurring services.

In the event that the Organization requires additional services, the Organization may request that Maher Duessel provide such additional services and pay fees based upon professional hours.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the document, and return it to us.

Organization.

Sincerely,
Maher Duessel

In addition, an amount equal to twenty percent (20%) of the service price will be added to all outstanding principal balances which are more than thirty (30) days past due if, in the sole opinion of Seller, it is necessary to utilize the services of an attorney and incur related expense in the collection of the account and such additional amount shall be an obligation of Customer. In the event that Seller in its sole opinion shall decide it is necessary to file court action in order to collect any outstanding balance, then Customer shall be obligated to reimburse Seller for all attorney's fees and court costs.

- 1. Failure to pay when due any amounts pursuant to any of the agreements between Seller and Customer.

Acceptance by Seller at any time of less than the full amount due Seller shall not be deemed to constitute a waiver of any of Seller's rights hereunder. Seller's rights under this Section of the Terms and Conditions are in addition to all rights available at law or in equity to Seller.

In the event of an uncured default by either party, pursuant to section 3 of this paragraph, the non-defaulting party shall have the right to declare the remaining term of the relationship between Seiler and Customer void

- 11. Taxes. This Terms and Conditions and its terms shall be binding upon and shall inure to the benefit of the parties hereto, their respective successors and assigns except that neither these Terms and Conditions nor any interest or obligation hereunder shall be assignable or transferable by Customer, in whole or in part, without the prior written consent of Seller
- 14. Severability. If any provision or paragraph of these Terms and Conditions is determined to be illegal or unenforceable, it shall not affect the enforceability of any other provision or paragraph of these Terms and Conditions and the Terms and Conditions shall be construed in all respects as if such invalid or unenforceable provisions were omitted.
- 15. Holiday Scheduling. Seller recognizes nine (9) holiday events each year ("Holidays") and there shall be no scheduled maintenance performed by Seller on Holidays. Accordingly, scheduled maintenance rates and availability during Holidays are subject to adjustment. Seller will notify Customer in advance of any conflicts between Seller's Holiday schedule and Customer's scheduled maintenance, and such scheduled maintenance shall be rescheduled at a time mutually agreeable to Seller and Customer. - e. The sale of any Service and Products ordered by the Customer which are not included within the scope of Seller's Proposal or other agreements with Customer is expressly conditioned upon these Terms and Conditions. Terms and conditions included in the Seller's Proposal, where not in conflict with the terms included herein, shall be incorporated by reference. Any additional or different terms and conditions set forth in the Customer's purchase order or similar communication are expressly objected to and will not be binding upon Seller unless specifically agreed to in writing by an authorized agent of Seller

# Consulting Engineer's Report November 21, 2024

#### **ACTIVE ITEMS**

#### Phase II Upgrade Project

The construction progress meeting was held on November 12, 2024. The Upstream Committee meeting was canceled.

Wayne Crouse submitted their Pay Application No. 29, in the amount of \$316,962.13. This pay application includes Tanks 1 and 2 demolition and concrete work as well as membrane equipment procurement and piping work. KLH has reviewed, and we recommend Board approval for submission to PENNVEST.

Bronder submitted their Pay Application No. 26, in the amount of \$47,500. This pay application includes installation of conduit/wire, lighting, and instrumentation. KLH has reviewed, and we recommend Board approval for payment from CMA project funds.

#### **Duperon Perforated Plate Screen Replacement**

Both screens are running without issue. The washer/compactor for Screen No. 1 experienced throughput issues which JWC addressed through control changes. The washer/compactor for Screen No. 2 also experienced throughput issues. Screen No. 2 washer/compactor chute has been replaced and the issues seem to have been corrected.

#### CDBG Year 49

CMA was awarded \$170,571 for sewer rehabilitation work. The total project cost estimate was \$291,659. KLH prepared plans and specifications for sewer replacement and lining work on Shaw Ave, Holly Way, Worthington, and 6<sup>th</sup>. The drawings and specifications were provided to the COG for bid advertisement. The lower bidder was Jet Jack with a bid price of \$229,445. KLH recommends award to Jet Jack. CMA issued a letter of acceptance to move forward with this project. The COG awarded the project to Jet Jack. Jet Jack's work is ongoing and should be complete by the end of November. There is no pay application this month.

#### CDBG Year 50

Application was submitted for a sewer rehabilitation project on September 7, 2023. Project cost estimate is \$396,327 (CDBG share = \$232,420, CMA share = \$163,907). The Concurring Resolution, adopted by the Board at the November Board meeting, was provided to the COG. This project was not awarded, and the COG appealed. The appeal was denied. The work included in this application was added to Year 51 and we reapplied.

#### CDBG Year 51

KLH worked with CMA and the COG to prepare a cost estimate, and the application was submitted.

#### 2022 PA Small Water and Sewer Grant Application

KLH is proceeding with 2022 PA Small Water and Sewer Grant Application for Golden Gate Phase 2 Sanitary Sewer Overflow Project. This is a PA DEP Long Term Control Plan required project. Application is due December 21, 2022. Project cost is estimated at approximately \$500,000. A 15% Authority match is required. KLH submitted this grant application on December 5, 2022.

The Authority was awarded a grant in the amount of \$180,439. The total amount requested was \$425,000. The Authority will need to decide whether or not to accept this grant and move forward with the project.

KLH is proceeding with preparation of plans and specifications. We recommend advertising this project in early January 2025 so that work can begin after the school is out of session next year.

This project needs to be constructed before the end of September 2026.

#### Septage Receiving Station Construction Cost Estimate

KLH prepared a construction cost estimate for a septage receiving station in the amount of \$900,000. This receiving station will allow receipt of hauled in septage (excluding grease, sludge, and industrial waste) by providing efficient solids screening and discharge rate control. The intent is to complete design and permitting so that the project can be bid ready. A bid ready project will be more likely to receive grant funding. Design has been completed and the Part II Permit was issued by DEP. KLH will prepare bid documents and advertise the project for bid upon CMA authorization (see 2023 State-Wide LSA Grant Application below).

#### **2023 State-Wide LSA Grant Application**

Applications for the 2023 State-Wide LSA Grant Program are being accepted from September 1 through November 30, 2023. Grants will be awarded up to \$1M and no match is required. KLH prepared a grant application for the septage receiving station. The estimated cost for this project is \$868,000. KLH submitted the grant application on October 30, 2023. CMA was awarded \$434,000 for the Septage Receiving Station Project.

#### **Glick Run Sewer Study**

KLH worked with the COG to submit the GEDTF grant application, in the amount of \$1,400,000 for this project. KLH completed site survey, and we are currently evaluating alternatives to determine the most cost-effective solution.

### **WWTP Backup Power**

The WWTP was designed to have dual feed electrical power service, which typically provides the most reliable backup power possible. CMA has two independent (separate substation circuits) feeds. If one goes down, there is an automatic switchover to the other. Unfortunately, over the past few years there have been multiple simultaneous outages of both feeds. This has brought into question the reliability of the power company's distribution system. Given these reliability concerns, CMA does not meet DEP's requirements for backup power, and therefore stand-by generators should be considered. The initial option of sizing medium voltage generator(s) for the full plant load is not feasible due to the duration of plant outage that would be required. Additionally, this option would be higher cost that than multiple area specific low voltage generators. KLH evaluated three options:

- 1. Full load sized permanent backup generators with automatic transfer switches at the Main Electrical Building (MBR), Raw Sewage Pump Station, and Headworks. The estimated cost for this alternative is \$3.3M.
- 2. DEP required load sized permanent backup generators with automatic transfer switches at the Main Electrical Building (MBR), Raw Sewage Pump Station, and Headworks. The estimated cost for this alternative is \$2.6M.
- 3. DEP required load sized manual transfer switches with hookups for temporary generators at the Main Electrical Building (MBR), Raw Sewage Pump Station, and Headworks. The estimated cost for this alternative is \$1.2M. This option is not feasible given that lead time for the temporary generators is estimated at 10 days, thus not meeting DEP requirements for backup power.

KLH recommends Option 2.

### 2024 State-Wide LSA Grant Application

Applications for the 2024 State-Wide LSA Grant Program are due by November 29, 2024. KLH recommends applying for the Dry Run Sewer Replacement Project. The estimated construction cost for this project is approximately \$2M. Resolution No. 11-21-2024 is presented for Board review. This resolution is authorizing a grant application requesting \$1,000,000 in grant funds. It does not commit CMA to the project.

Respectfully Submitted,

MML
